

THE POWER OF 2 GAMEPLAN YOUR RETIREMENT STARTS HERE

SIMPLE 12 MONTH PLAN FOR FINANCIAL SUCCESS

When we grow up we start thinking about what we are going to do to make a living. This happens in our late teens for most of us. Some teens think about going to College, trade school, or just getting a job so that they can get a paycheck. (Grocery store, gas station, Target, Sears, Post Office, Best Buy, etc...) We do this so that we can get out there on our own and try and make it. We all want a car, a home, and nice clothes. How are we going to make ends meet? Millions are told to go to college and get good grades and go work for a company for about 40 years. Most people today will admit that this is not the best option, but most people do it anyway. It's in your DNA, you can't help it. This is what is drilled into our minds from the first day that we are born. We have all seen the Gerber commercials showing a newborn baby and the neighbors start talking about they won't have enough for college in 18 years, and the other neighbor says, "Oh, but with Gerber Insurance for \$10 a month...", you get the picture.

Why do we want to go down a road and become robots for companies and end up dead or dead broke when we retire? We don't make enough money & we have to get up very early and leave our spouse and children. In some places it is very cold in the morning and we aren't happy. The company and bosses we work for don't care about you or your family. The government tells us at age 65, 95% of everyone is dead or dead broke. If this is true, and it is, why do we want to be that person? Because, it's drilled into our heads from birth. Some people become Doctors, Lawyers, Accountants, Teachers, etc. A few jobs do pay a lot, but you have to put many hours in per week to sustain them, and you never have any time with your family. Most jobs pay you just enough so you don't quit and we have all learned to work just hard enough so they won't fire you. We call it the 40-40-40 plan. Work for a company for 40 hours a week, for 40 years, to retire on 40% of what we could not make it on when we were working and taking all 100% of the income when you were working full time. The worst part of all is that we have no leverage; we all work on linear income. With linear income, we work for 8 hours and they pay us for 8 hours. What happens if we get sick, hurt, injured or laid

off? Well..our paycheck gets sick, hurt, injured or laid off too! It is a very risky way to make a living. Very few people (The Wealthy) have figured out how to leverage time and their money. When you leverage your time and money, you get paid over and over again for doing something once. In other words, you get paid whether you are there are not. Do it once and get paid over and over again.

To find out about leverage and our industry in great detail, go to www.checkthismovieout.com and watch, “What the Wealthy Buy on Payday” (8 minutes) and “Brilliant Compensation”. (28 minutes)

We figure out the Price vs. Reward. (Lots of people just do what they are told). How much time is it going to take to become this (learn a skill, go to college)? What is it going to cost? How long is it going to take to learn the skill set? Is it hard, is it easy? These are just some of the questions that go through our minds when we grow up and try and figure out how we are going to make a living. So, there is somewhat of a plan that we have to have to get a house, car, food, clothes, etc... Some plans are well thought out and some plans just happen for you, because we fail to plan. Everyone falls into this situation. Even the best thought out plans of the past, have proven to be a bust for millions of Americans. The good news is that you can change your plan any time you want. You can find a better plan, an easier plan to reach your goals in record time! (Refer to the Money Chart below).

What if you had a well-designed simple plan that you could earn great money, be home everyday and wake up when you are done sleeping (instead of to an alarm clock), AND be able to retire in about a year or so? How about a real plan that required you to learn a few simple new skills that anyone could learn in 90 days and master in 6 months? What if this proven, simple plan would allow you to do what you want when you wanted in less than a year? Would you want to know about it? Below we are going to show you the simple plan, a proven company and what it will take to change everything for you.

You must have a clear game plan with simple steps to create a bright future, or we fall into to someone else’s plan. Guess what someone else has planned for us, NOT MUCH! (Look at the last 5 to 10 years to see what we mean.)

You now have in your hands a complete plan that will teach you everything you need to know to become successful. If you are truly serious about success with MyVideoTalk and you don't mind rolling up your sleeves and going to work, you will make more money than you will know what to do with over the next 6 to 12 months. (3) THE MONEY - SIMPLE MATH

Enroll 2 that purchase the Super Stream Package FIRST 90 DAYS - MONTHS 1, 2, AND 3

In month 1, enroll 2 people that purchase the Super Stream package. In month number 2, help your 2 enroll their 2. The training will show you how to do this. In month number 3, everyone works together to help those 4 enroll their 2. In your first 90 days you have a total of 14 people on your team (you enrolled just 2 personally in your first 30 days) and you have earned \$675. You averaged \$225 per month for the first 3 months. Because of the training you plugged into over the first 90 days and the commitment and passion you had, you now are trained and know exactly what to do for your second 90 days and because you studied every week, and practiced what you learned, your income will increase dramatically over the

next 90 days. You know exactly what to do and are doing it with passion. You're only a few months away from FREEDOM!

Congratulations you are on your way!

Your First 90 Days		
		90 DAY
MONTH	REPS	AVERAGE
1	2	\$225
2	4	\$225
3	8	\$225
TOTAL	14	\$675
You only enrolled TWO!		

**YOUR SECOND 90 DAYS
MONTHS 4, 5, AND 6**

Remember everyone is only getting 2 reps enrolled in their first 30 days (Simple). You already have 14 people on your team. It's ready to start popping now. In month number 4, the 8 new team members from month 3 are trained to get their 2 new reps that purchase the Super Stream package, which are 16 new team members that have joined the team in month number 4. The 16 new members are trained to get their 2, which is 32 new reps for the 5th month, and in month number 6, those 32 are trained to go out and get their 2 for a total of 64 new team members for that month alone. You now have 126 team members on your team, and your total income in the second 90 days is \$2,525 for an average of \$841 per month for the last 90 days. Not bad for just 6 month's worth of work and only personally enrolling 2 reps that purchase the Super Stream package. You are more confident than ever because you know what to do and are doing it. You are looking at the plan every day and making it happen. You have leaders that are coaching you and helping you help your people get trained to get their 2. It's a TEAM like you have never seen before. Everyone wins with this system and it is right in front of your

eyes. You are only 6 months away from being able to do what you want, when you want to. You are helping everyone plug in the right way and everyone is getting trained to get their 2. *(Easy squeezie lemon peezie).*

Your Second 90 Days		
		90 DAY
MONTH	REPS	AVERAGE
4	16	\$841
5	32	\$841
6	64	\$841
TOTAL	126	\$2,525
	You only enrolled TWO!	

Now for some of you, you could quit right now and be blown away with an extra \$841 per month. What if you added an extra \$500-\$800 to your checking account every month? What would that do for you and your family? So, do us a favor....don't let the numbers in the next 90 days (Months 7, 8, and 9) mess you up. You are learning what leverage can do for you and your business. Remember, you did this in only 6 months, and you personally enrolled only 2 people that purchased the Super Stream package 6 months ago. Take a minute to rejoice and write down what this new found money will do for you and your family every month! Add it to what you already earn at your job. It does get better than this if we just help the new people get their 2. Here we go....Hold on tight we don't want to lose you here. Can you believe this? You are making good money with MyVideoTalk already. 6 months is going to happen in 6 months anyway, why not earn extra income with MyVideoTalk? It is easy to do with the plan.

**YOUR THIRD 90 DAYS
MONTHS 7, 8, AND 9**

Remember....everyone only gets 2! You now have 126 people on your team going into the 7th month and everyone just enrolled 2 that purchased the Super Stream package. In this month number 7 you have 64 new team members from month 6 getting their 2 and now you have 128 new team members for the month. In month

number 8 you have those new reps each getting their 2 and now you have 256 new team members. In month number 9 you have those 256 each get their 2 and now you have added 512 new team members for the month. Remember in Brilliant Compensation (www.checkthismovieout.com), Tim Sales talked about leverage is the only way to have a better life financially and the wealthy have known this for centuries. You should be smiling now because it is happening for you. (Leverage) (It is a wonderful thing!) You now have 1,022 reps on your team and your income for the last 90 days is \$22,100 for an average of \$8,388 per month for the last 90 days. How does that feel? You are following the training with passion, the training has trained you and your new reps to get 2 and help their 2 get 2. They know what to do and when to do it and it is not complicated. Everyone just gets 2 in their first 30 days. Can you say Game Changer? This only took 9 months to get here. That is UNBELIEVABLE!!! In 9 months of work you are already changing things for you and your family. Only 9 months! The best, real, easiest plan ever!!! Thank you Mel and Amie! You could stop right here like you could have stopped in the 6th month. Why not keep helping and showing everyone what you have done by plugging in and getting committed to success. I need you to tighten your belt even more for the last 90 days! It's about to get CRAZY!!!

Your THIRD 90 Days		
		90 DAY
MONTH	REPS	AVERAGE
7	128	\$8,388
8	256	\$8,388
9	512	\$8,388

	You only enrolled TWO!	

**YOUR 4th AND FINAL 90 DAYS
MONTHS 10, 11, AND 12**

This is it! This is the 4th quarter and you are on the 2 yard line ready to score your touch down. Don't forget that you are already successful. The first 7th, 8th, and 9th months have changed your life forever. You really **must focus** and make sure

everyone is ready and plugged into the training to run the play you have run 9 times before. It is not that tough because you have lots of people that are trained and working in concert to make this happen. The training and the leadership has made this possible along with your passion and drive to do more, be more and earn more, not to mention it is a simple plan that anyone can follow. You are smiling with excitement and have a power that you have not seen for years. Remember, everyone only gets 2! You now have 1,022 people on your team. In month number 10, you have 512 new reps trained and going after their 2. You have 1,024 new reps added to your team in month number 10. In month number 11, you have those 1,024 new reps trained and going after their 2. That gives you 2,048 new reps in month number 11. In month number 12, you have those 2,048 new reps trained and going after their 2, which will give you 4,095 new reps in your 12th month. You now have 8,190 total team members and it all started by you seeing the plan and getting your 2 12 months ago. (We just noticed in the previous sentence, the number "212". 212 degrees is what is required to create steam. Steam makes factories hum; it can push ships across the world. It is where everything starts to happen. We are definitely on the right track!)

You committed to plug into the training and work like you have never worked before. Your income for the last 90 days is \$167,925 for an average of \$55,975 per month for the last 90 days. The very next month your residual income is about \$17,000 a month and will continue to grow. It all started with you getting 2 in your first 30 days. Everyone does the exact same thing. You have also qualified for the BBC Club, and the Presidents Club, the two trips the company offers and so much more. Your life has changed in less than 12 months, and you are also helping 1,000's of others change their life. You are a cheerleader (guys too) to make sure everyone gets their 2 and plugs into the training and learns the simple skill sets to accomplish their goals. You have to believe it. You got 2. Everyone just got 2. This is a plan that anyone can follow. You deserve the type of money you have because you committed to the whole plan and wanted to be trained the right way with the skills that helped you become successful!

Your FOURTH 90 Days		
		90 DAY
MONTH	REPS	AVERAGE
10	1,024	\$55,975
11	2,048	\$55,975
12	4,095	\$55,975
TOTAL	8,190	\$167,925
You only enrolled TWO!		

How will it feel to earn this kind of money? What is your spouse saying to you now? Life will never be the same for you anymore. What did you do? You made a decision to change your financial situation. You decided that you were going to get trained the right way and finish this time. Your attitude is different, you have passion, energy, and you just have to get 2 reps that purchase the Super Stream package. We know some of you are saying wow....what...this is insane. *I can do this.* Anyone that wants more can do this. If I follow the training and find two people out of all the people I know or learn to find people I have not met yet, and show them the opportunity the right way following the training, showing them the chart that breaks down the money, (what you are reading now), getting them plugged in the right way, and painting a big picture of them changing their financial situation in less than a year. **YES!** You will change your financial situation by your 6th, 7th, and 8th month. It won't even take a year if you take charge and plug into the training. There is a right way and a wrong way and most people do it wrong. The training will show you how to do it the right way every single time. You are going to be 6 months older in the next 6 months anyway, why not put more money in your pocket?

What else do I have to do to create wealth for my family? Is it really this simple? **YES!** Find two people that want more out of life than they have now, (THE TRAINING WILL SHOW YOU HOW TO DO IT THE RIGHT WAY). **TWO PEOPLE** that want to send their children to college, two people that want to have a retirement, two people that want to take better vacations, or even take a vacation. The list goes on and on. You have to make sure that you plug into the training and apply it. We

will be there every step of the way with you. It is very simple to do. Spend 5 to 10 hours a week (for 90 days) to learn a few simple skills that will create serious income for you in less than a year. Much better than working for 40 hours a week, for 40 years, to retire on 40% of what you could not live on when you were earning 100% of the money. Why would anyone want to do something like that, that they know won't give them what they want or need? Having a boss in your face that does not care about you or your family is not an ideal situation for anyone. Do we really need to describe the JOB situation and how bad it really is? It's not a secret. It is terrible! Most people fall into this category. At the end of the money there is still too much month left over. Did you enjoy your day at work today? Enough already! Time to get busy!

(4) TRAINING

In the training listed below, you will learn everything you need to know to become successful. Follow the training and you will not only get your two but you will know the formula to recruit as many as you want personally. Learn what it takes to become a player, a top income earner with MyVideoTalk, and it will all boil down to, "**What are the BIG 4 Steps to MLM Success?**" After you sort through all the hype on how to build a business, all of the tools available, all the "bells and whistles" you can choose from, that there are really **ONLY** four, simple yet absolutely critical steps you have to take to be insanely successful in Network Marketing. Call them the "Irreducible Core" of MLM success. Call them the "4 Building Blocks". Call them "the Foundations" of MLM Success". Call them what you will, but simply put, "*every single network marketer must master these four steps in order to succeed.*" Everything else is peripheral. Soon after we discovered these facts, and committed to mastering the BIG 4...and teaching our downline to master them...we started making BIG money! That's how imperative the "Big 4" are.

Here are "The Big 4":

1. Master the skills of finding and communicating with prospects.
2. Master the skills of inviting prospects to look at MyVideoTalk.
3. Learn to expertly present the MyVideoTalk Plan and the Industry to your prospects.
4. Excel at training your new distributors to develop the same set of skills.

This is **all** that we will be teaching period. Everything will fall into these categories. This is what you are going to Master over the next few months and make money while you are doing it. In the meantime, what we want you to take away right now is that your network marketing success depends 95% on your ability and commitment to mastering these four steps. You will know this information in a few short weeks, and will master them in a few short months, if you are ready to go to another level and plug into the system. We will do training calls and/or live webcasts several times per week to make sure you are learning the skill sets you need to become successful. We can guarantee that when you commit to the information, training, and practice for your first 90 days to 6 months, your life will change forever. This is such a small price to pay to change your financial situation. You will have access to all of the scripts that work, as well as listen to live calls on how they are used. (Yes, the actual recruiting calls that enrolled reps). This is a game changer training program that will ignite your business. All you have to do is commit and plug into the training and get started. The sooner the better! To get started and plug in, send an email to videowealth@me.com. In the subject line put, "Ready to change my life starting now."

(5) **ATTITUDE, PASSION, DESIRE**

When you plug into the training we guarantee you will be locked and loaded for huge success. **YOU** must take personal responsibility for your success, for your 2 new reps you enroll and their 2 new reps, and their 2 new reps. (Total of 14 reps) That takes you through your first 90 days. That is 14 people that you are taking responsibility for and managing not including you. When everyone does this there will be lots of redundancy, and that will create success for everyone. (No one will fall through the crack). Personal responsibility for ourselves and our team is critical. *(Read those sentences again so you are clear)* You have to plug your 2 new reps (and their 2 and their 2) into the system right away. Find out right up front that they are going to be serious about following through. They must understand clearly that if they get serious about success and get their 2 and help their 2 do the same and duplicate this over the next 11 months their life will never be the same again. They cannot mess this up for you or for their family. They must understand that this is their only chance to earn big money in their life and that there is nothing out there that can produce these numbers.

You **HAVE** to introduce your new people to the key upline leaders that are making it happen. We definitely want to meet anyone you are recruiting and anyone that you enroll. You must go through the money chart and show them what they will earn in their 1st 90 days, 2nd 90 days, 3rd 90 days and 4th 90 days. Do this at the first meeting with them and several more times within the first few days. Make sure they have the chart in their hands so that they can make copies of it and put it up all over their home and office. They have to know what the potential is by making a commitment and enrolling their 2 and staying on track. **THIS IS SIMPLE!** Make sure they take the chart with them every where they go. When they go shopping (grocery shopping, house shopping or clothes shopping) and if they can't buy what they really want to buy, they should look at the money chart and say I am only 3 months or 4 months away, etc. I promise you that you will learn what you need to know to be successful! But you must plug in and **APPLY** yourself, just like in anything you do. The only difference with this is that you will become rich!

Think about the kids and adults who give up everything to go to college or go back for their MBA. They spend \$1,000's and \$1,000's of dollars, hours and hours of time to go to school. They give up talking to their family, stop going out anymore, stop watching TV, stop going bowling. **WHY??!!** So they can pass the Bar (become an Attorney)....so they can study, so they can get their MBA, etc... Most of these people can't even find jobs now because the corporations are downsizing and going overseas. They have a big hill to climb with debt at the end of the road. The ones who do find a job don't make enough money to do what they want. They fall into the 40-40-40 plan. So what are you willing to give up to follow a simple plan that can set you free in less than 12 months? A Plan that costs you less than your monthly cable TV bill? How much time per week would you put in to never have to worry about money again? You can also acquire an *MBA* with MyVideoTalk in less than a year without any debt. (**Major, Bank, Account**). Will you give up TV to study the scripts and listen to the audios that teach you what to say? Will you focus for an hour a day, 3 to 4 nights a week and learn the skills sets that will easily help you get your 2? This is the easiest thing in the world when you commit to the process. Will you give up time from the things that take precious time from you that cost you money? If you can focus for the next 90 days you will know the things you need to know to build a financial fence around your home and family that nothing can

penetrate. It is easier to do this than to spend 4 to 7 years going to school and paying the money you pay to have to look for a job that doesn't exist anymore.

The training will teach you this and how to be a professional networker even if you are part time. Once your 2 reps enroll, you have to find out **right up front** if they are 100% committed to getting their two in the first 30 days. You must do this for their 2 reps and their 2 reps. (Total of 14 reps). You must be very strong on this point. For the simple formula to work, everyone only has to get 2 so you must get a firm commitment right up front that they are going all the way. If they are *wishy-washy*, you don't want to take any chances. If they can't get excited and passionate about this simple step-by-step plan to earn big money with MyVideoTalk, then they are not the one (to be a part of your "2"). If they are not serious, you **must** get another one to replace them. It is VERY important that you figure this out in the first 2 to 7 days. It won't be very hard to replace a rep because the system will teach you how to enroll people personally every month if that is what you want to do. Do we throw that person away? NO! They may be sleeping and have a brain fart at that moment. We still plug them in and let them know what to do, because they could wake up and become serious 7 months from now. (But be clear and replace them with someone that is ready to go NOW.) You have to be aggressive and go after it. Everyone has to realize that you are serious about following the plan everyday. If you are serious then they will be serious, if you are not focused or serious, they will not be serious. They have to see it in your eyes; they must hear the passion in your voice. You are less than 12 months away from being able to do what you really want to do for the rest of your life. You do have a choice; you can keep doing what you are doing for the rest of your life or get serious for a few months and change everything.

Your thought process has to be, "**Nothing** is going to stop me from reaching my goal". You have to expect everyone that sees the company and the plan to enroll into your business, because it is that good, but understand not everyone will see it. Some people are stuck on broke and stupid. (However you only need 2) (UNBELIEVABLE) This is your BIG TICKET out of the rat race. You must treat your business as if you have gold, unlimited amounts of gold and you have enough for everyone that is willing to get their 2.

(6) NO BRAINER

If tomorrow at your regular job, the Retirement Director came in to the office to speak to all the employees and said, *“We have a new program different from the regular 401k plan. The new plan is this. You invest \$429 one time and \$49 a month starting 30 days later. Much less than what you are spending now. You won’t have to worry about Wall Street stealing your money any more. All you have to do is find 2 people that will do the same and duplicate. At the end of 12 months you have over \$193,000 in your account that you have access to now and an additional \$17,000 will be coming in every month starting your 13th month. Who would want to enroll for that retirement plan?”* **EVERYONE WOULD!** That is exactly what we have but with world class products. Are you excited? YES!!! Don’t settle for less when you can have so much more...Get on the bandwagon with a team of professionals... Using a proven system with partners willing and able to help you every step of the way. The key to your success is training. We will provide to you the top training the industry has to offer. Commuting to work every day...spending \$\$\$ on gas? NO!
